**Sustainable approach.**  
**Positive impact.**

We take a forward-thinking approach to minimise our impact the environment, from design and construction through to operation. Working with leading sustainability consultants, Chancerygate embrace the latest technologies and methods to achieve future-proof solutions.

**The wellbeing of people and the local eco-system is central to the design of The Works.**

Extensively landscaped areas will include the planting of 61 new semi-mature trees, improving the surroundings for visitors as well as providing wildlife habitats.

The estate will feature grassed areas, deciduous trees, shrub planting, bird boxes and bat boxes. There will also be a dedicated landscaped amenity space including outdoor seating in pleasant urban garden surroundings.

**Green initiatives at The Works include:**

- Photovoltaic panels on all units\*
- High performance insulated cladding and roof materials
- Highly efficient LED lighting
- Air source heat pumps
- Low air permeability design
- Electric vehicle charging points
- 15% warehouse roof lights increasing natural day light
- 76 secure bicycle parking spaces with living-roof shelters
- External wellbeing areas
- Targeting BREEAM 'Excellent'
- Targeting EPC A+ rating

\*Savings of up to £1.49 per sq ft per annum through use of PVs

Based on using current energy prices as of February 2025 and assuming 100% PV generation is used.
